

Product Features:

-

100% w/w sodium hydrogen carbonate (sodium bicarbonate).

-

Powder form.

-

Raises Total Alkalinity.

-

180 grams per 10,000 litres raises total alkalinity 10 ppm.

-

Eliminates pH bounce.

-

For all pool types.

Benefits:

-

Protects the pH from being influenced by factors such as rain, bather load, and other chemical application.

-

Prevents corrosion of equipment.

-

Prevents etching of concrete and grout, and wrinkling of liners.

Application Instructions:

-

Add directly to pool with pump running.

-

If large amounts are required (more than 480 grams per 10,000 litres) and metals are present, divide dosage into thirds and pre-dissolve before addition.

-

Refer to the addition chart located on the label to determine amount needed.

Available Sizes:

-

10-kg pail

-

1-kg bags

-

4-kg bags

-

8-kg bags

NOTE: Avoid physical contact with product. Follow safety information on label Instructions. Store in a cool, dry place. Keep out of the reach of children.
