

Product Features:

-

72.7% w/w trichloroisocyanuric acid.

-

66.0% w/w available chlorine (Cl).

-

Totally soluble, multifunctional granular product.

-

Built-in clarifiers.

-

Water-enhancing agents.

-

Skimmer-fed one bag application.

-

Classified as a non-dangerous good.

Benefits:

-

Ideal for solving chlorine demand issues.

-

Ensures sparkling clear pool water.

-

Improves filter efficiency.

-

Less skin and eye irritation than many chlorinating products.

-

No need to pre-dissolve.

-

Easy to use.

-

Safer to store and transport.

**Application Instructions:**

1.

Adjust pH between 7.4 and 7.6.

2.

Slowly add 1 bag (600 grams) of Burn Out Extreme per 50,000 litres into the skimmer with the filter pump running in the normal filtration mode. CAUTION: Never broadcast this product directly into pools with bleachable surfaces, including vinyl, painted, fibreglass or coloured concrete.

3.

Continue to operate the pump for at least 2 to 4 hours following application.

4.

Application of Burn Out Extreme is recommended following significant rainfall or heavy bather loads.

5.

Do not re-enter the pool until the chlorine residual has returned to 5.0 ppm or less.

Available Sizes:

-

600-gram bags

NOTE: Avoid physical contact with product. Do not store near petroleum products. Follow safety information on label Instructions. Store in a cool, dry place. Keep out of the reach of children.
